

NEWS FROM THE ROSEBUD CENTRE

Creative November!

November 2018 was a very creative month for Rosebud, we have been making all kinds of different things. Our Youth Worker Melissa had the girls making happy jars of their very own and the workshops were also all about positive vibes and discussing things that make you happy.

Danielle our Outreach Support Worker ran her very first fashion workshop with Rosebud where the girls learnt all about winter fashion, they even made their very own outfits that they designed themselves with their new knowledge of winter fashion.

With Christmas approaching we are now preparing for our Christmas party and workshops before closing for the new year.
