Eid Mubarak!

Every year thousands and thousands of Muslims like myself prepare for the greatest month of the year this month is known as Ramadan. During this month we are expected to not eat during certain hours of the day and fast for 29 to 30 days maximum, recite the holy Quran and give to charity.

This years Eid was special as it was celebrated inside through the whole moth, many where not able to pray in the, mosque or celebrate Eid with a family/friend. Regardless of this it was just as funs any other years we have celebrated and we cannot wait to see what next years brings us

Images and statements are from girls and staff who celebrated Eid;

Amazing decorations by Saba (13), bringing Eid inside. Despite the obstacles and struggles during the past year for her and her family she has managed to stay positive and “tried to lighten up the mood by decorating the living room which made [her] mum happy” as she stated, I’m sure it made everyone else happy as well. Well done!

Many like Lateefat (13), spent a lot of their quarantine Eid eating or in the kitchen cooking, some of example that were made as shown on the side with the pasta, savouries and cake. Lateefat stated that “[she] still had fun, it was hard not celebrating with my friends, aunties and uncles. Bit we had zoom calls, I will always remember this because it was different”.

“I myself found this Eid very different, as we are all usually out and about celebrating with others, however, this year is an experience that would not be forgotten. This year allowed us to see the true meaning in family”- Mariam (Assistant youth worker) .

Eid Mubarak!

Wow! Amazing pictures of Liana (10) and her sister and all the food they cooked to celebrate Eid, it all looks delicious we may have to come over for the next Eid this year or maybe next year to join in the fun and those dresses look gorgeous on you both I defiantly know what I am wearing next Eid. I hope you all had fun and we hope to hear about your experiences in person once Rosebud is back open. We hope you are all taking care during this period as the coronavirus starts to ease down and remember to;
